BULK

QLD

Suitable for:

Masters Blend is a high energy bulk feed alternative which helps lower feed costs in intensive beef cattle enterprises. Masters Blend is a medium protein, high energy feed that can be included in cattle feedlot mixed rations up to 25% of total dry matter intake.

Tailored Design

A specially formulated feed designed through the combined use of a protein meal and bakery co-products and components.

Cooked cereal grains subjected to steam conditioning gelatinise starch to provide extra energy to ultimately improve digestion, feed conversion efficiency and live body weight gain.

Sweet, palatable taste

Highly palatable to stimulate appetite for higher feed intake and consequently increased daily weight gain while also prevent the incidence of metabolic disorders.

Excellent nutritional source

Masters Blend is an excellent source of energy to assist rumen microorganisms to ferment carbohydrates to volatile fatty acids (VFAs) for maintenance and tissue growth.

Feeding guide

Up to 25% of total DM intake i.e. 20kg DM intake = 6.6kg of Masters Blend as fed 5kg Masters Blend on a DM basis.

Masters Blend is recommended to be used within 14 days of delivery depending on weather conditions. We also recommend access to fresh water at all times.

Availability

Castlegate James Masters Blend is available on a long term and regular basis for customers wishing to secure an ongoing supply. Customers can choose to purchase Masters Blend on a spot basis subject to availability, or enter a contract ensuring guaranteed supply.
